DELIVERING EXCELLENCE WORLDWIDE

We are a global player in the maritime refurbishment market, with **more than a decade of experience on the field.**

We provide our solutions anywhere in the world, relying on widespread facilities and a stable team of skilled professionals, striving for client care and performance.

We tackle projects of any scale with resolute commitment to deliver top quality services.

A JOURNEY TO SUCCESS

We believe in transparency, agility and trust to be critical success factors. Our approach is based on **open and consistent communication**, the ability to adapt the plans to emerging needs, and a firm dedication to obtain the highest standard of quality.

We build upon these cornerstones to provide the solutions you need.

SEE US IN ACTION

OUR SERVICES

- **Turnkey Refurbishment Solutions**
- **Repair & Maintenance**
- **Manufacturing & Supply**
- **Glass Division**
- **Technical Projects**

TURNKEY REFURBISHMENT PROJECTS

We provide **comprehensive refurbishment solutions**, collaborating with our clients from project conception, design, material selection, to flawless execution.

This approach enables us to **craft customized project solutions and offer full-scale project management services**. All the technical expertise required for these turnkey projects, including plumbing, HVAC, and electrical work, is seamlessly integrated into our in-house project management and execution.

TURNKEY REFURBISHMENT PROJECTS

REPAIR & MAINTENANCE

We take care of your projects and ships to ensure increasing efficacy, reliability and the right result.

- Interiors & Furniture Reupholstery
- Furniture Restoration
- Flooring Solutions
- Ceilings
- Galley Stainless Steelworks
- Waterslides Refurbishing
- Pools & Jacuzzis Refurbishing

MANUFACTURING & SUPPLY

Manufacturing

Our production line is ready to **tackle any fiberglass customizable solution** for exclusive Jacuzzis, sinks, shower trays and bathtubs.

Awnings

We offer tailored awnings for various spaces with customizable and dynamic designs. Each project includes:

- engineering
- wind study
- structural study
- 3D drawings
- installation

Supply of material and equipment

To fulfill the most varied needs regarding materials and equipment **we supervise all steps of the supply chain.**

That's what our team of experienced in-house professionals are there for.

GLASS DIVISION

From decorative pieces to mirrors, glass screen doors to fire-rated structures, if you can think of a glass product, we can bring it to life.

TECHNICAL PROJECTS

Technical challenges are more manageable with our engineering approach, from concept to installation.

Installation of equipment

Our team can oversee the entire process, including 3D scanning of spaces, new layout design, submission of drawings, material specifications, and execution.

- Laundry Equipment
- Galley Equipment
- Engine Room Equipment
- Air Handling Units
- Mooring Equipment and Fairleads Replacement

Piping project

We can handle all types of GF, plastic, steel or SS pipe installations.

Electrical installations

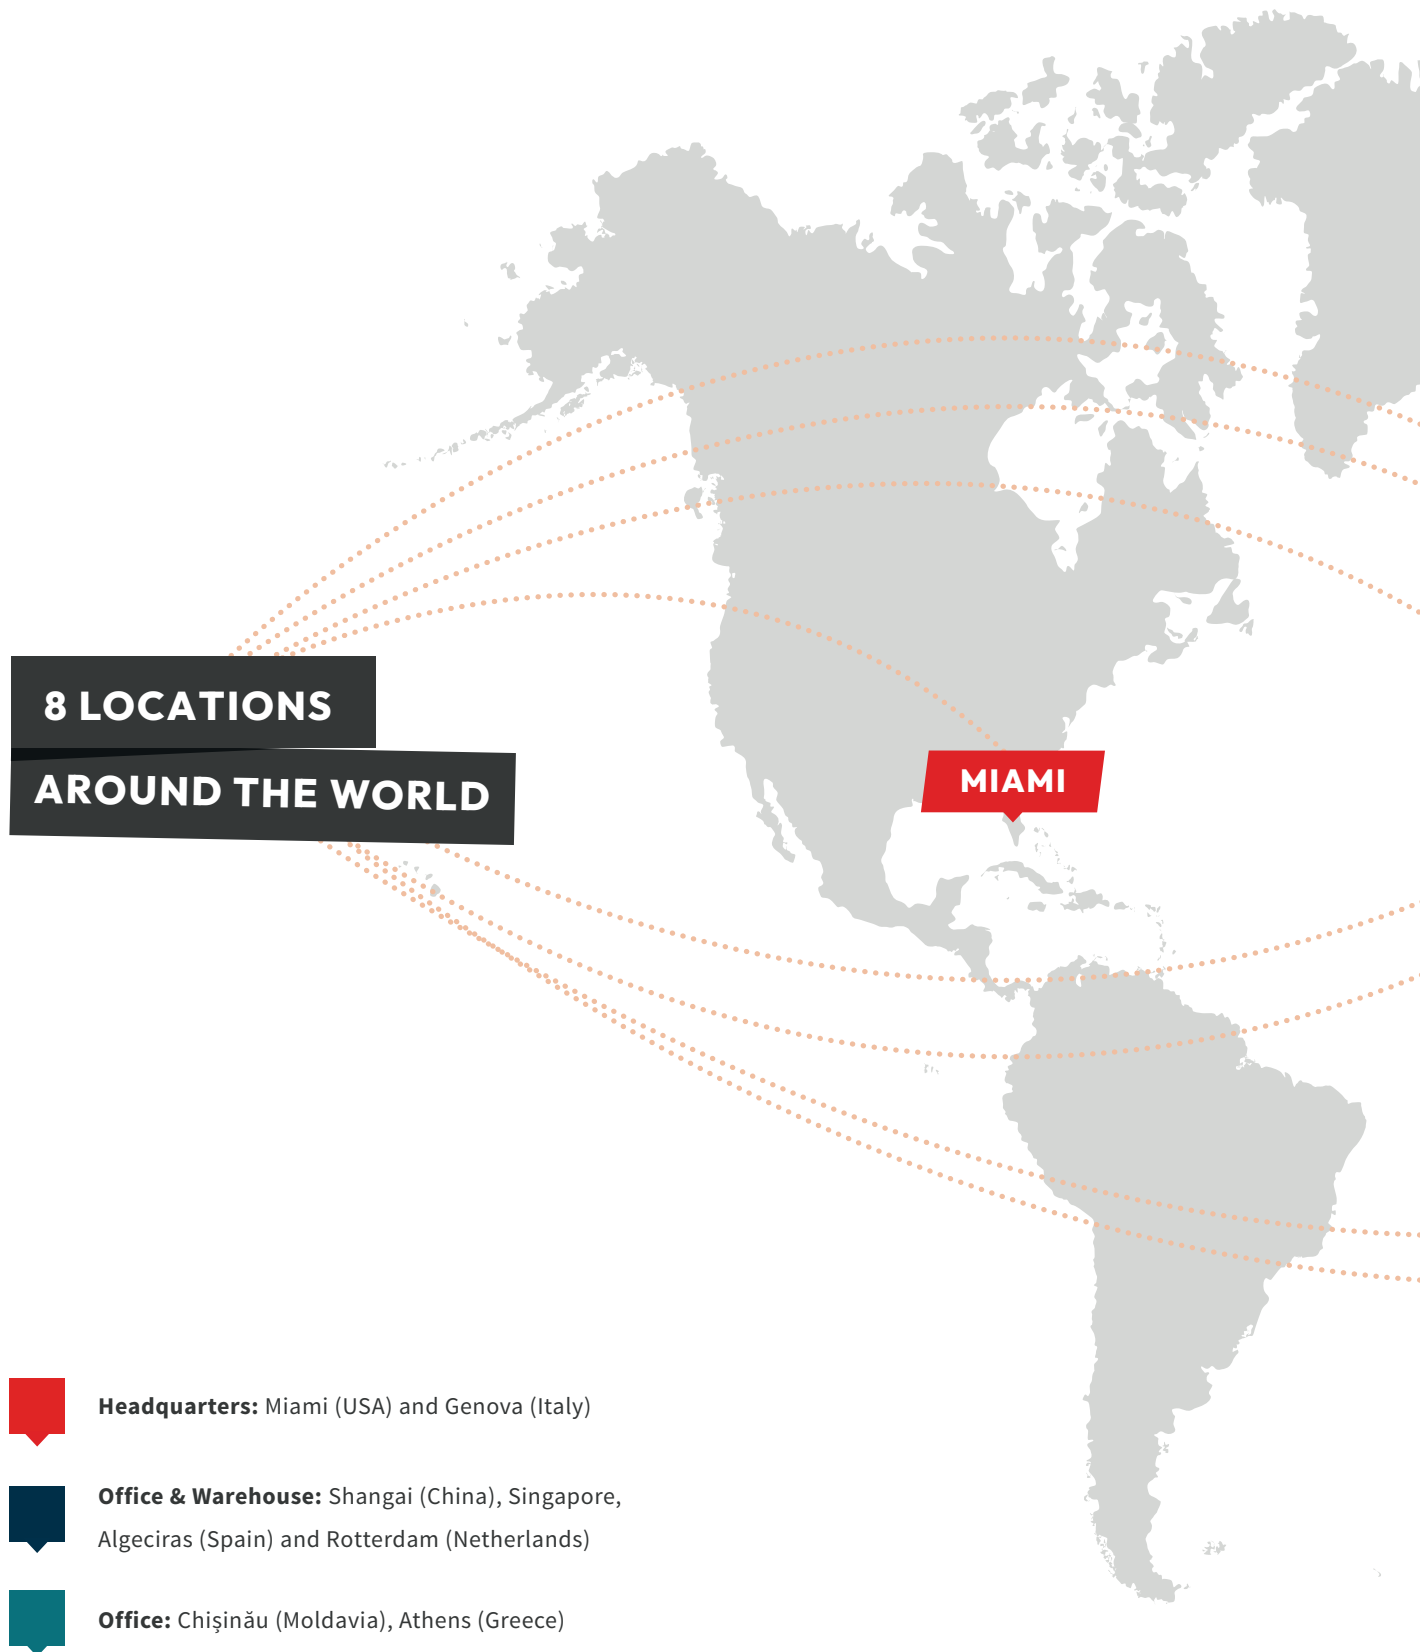

We manage new installations or upgrades of existing configurations, from cables pulling to PLC works.

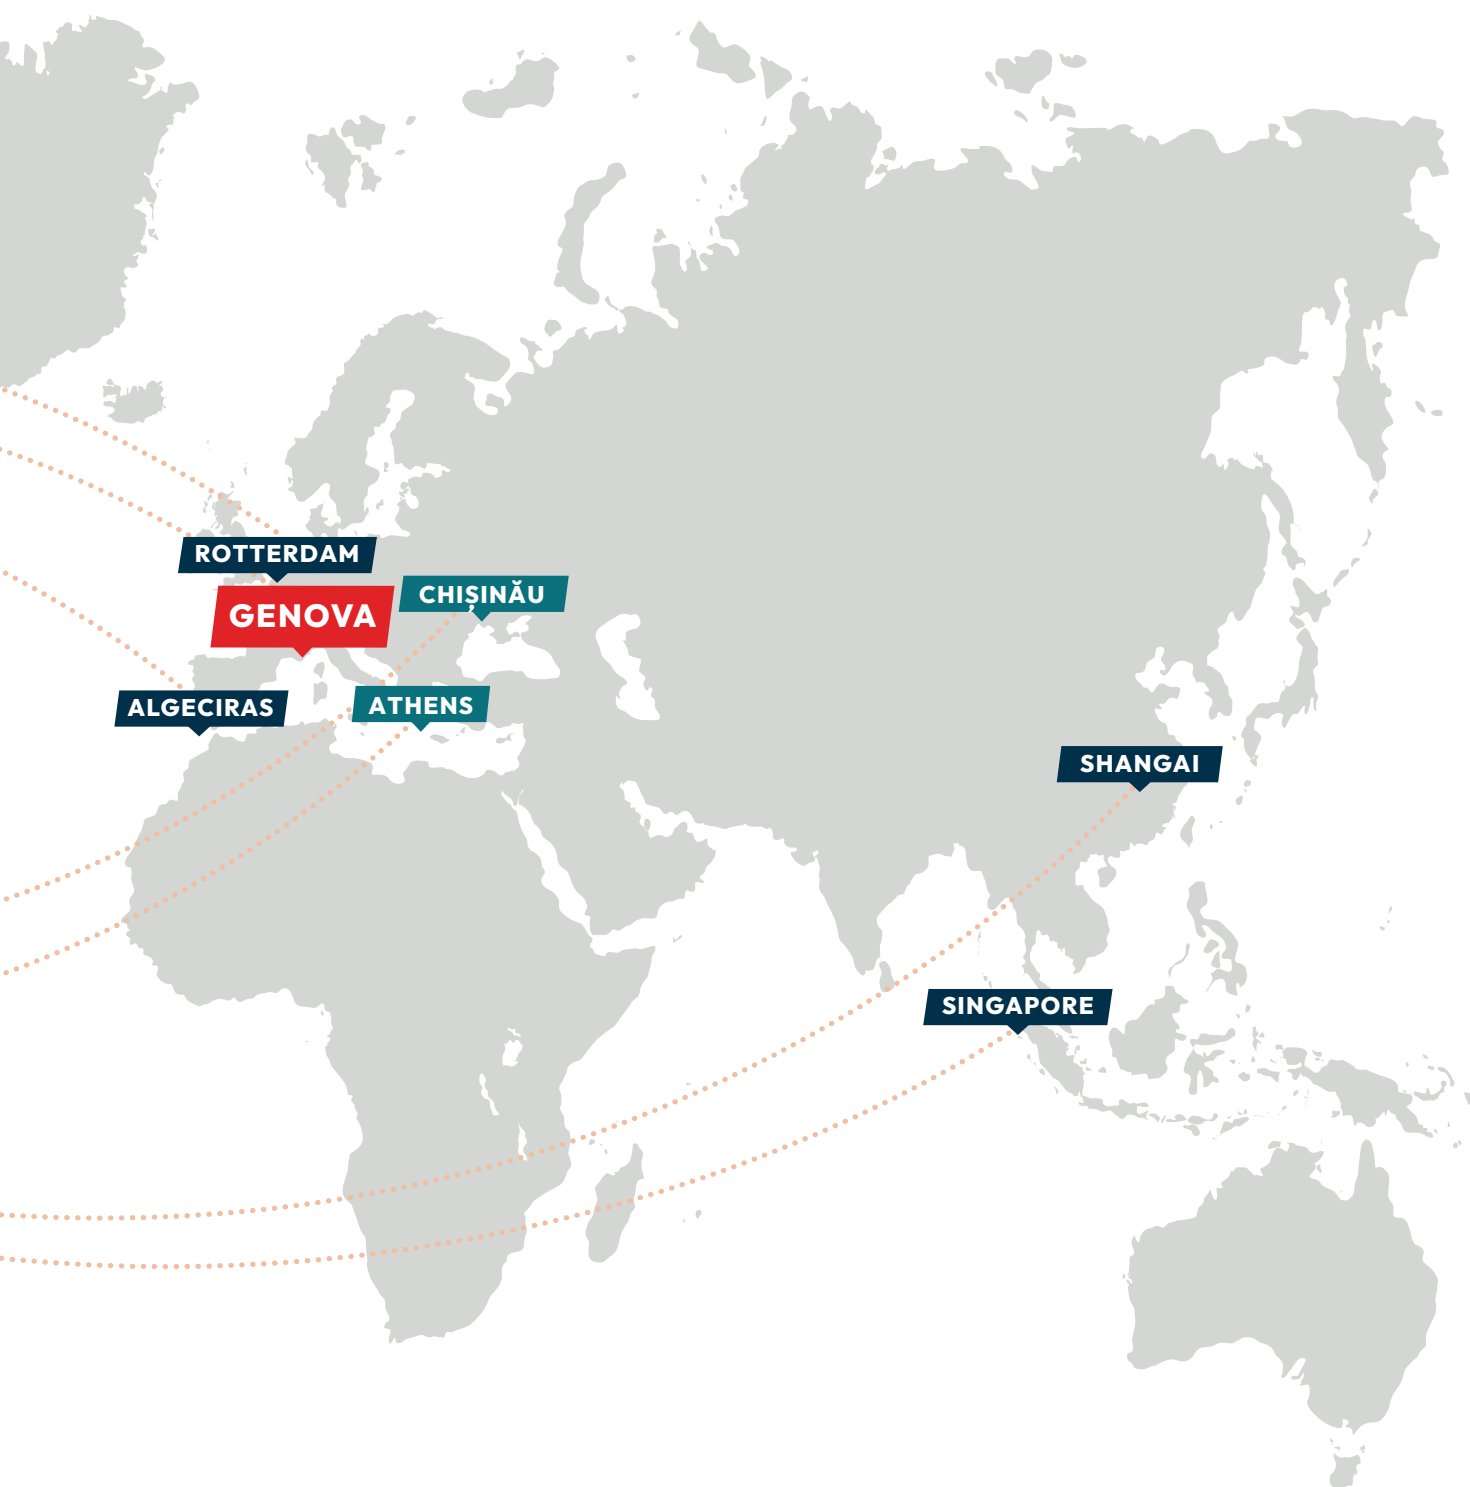

TECHNICAL PROJECTS

GLOBAL PRESENCE, LOCAL EXPERTISE

EVERY CLIENT A SUCCESS STORY

Over the years, we managed to build **strong relationships** and **partnerships with our clients**. This has allowed us to **deliver successfully and consistently**.

**No matter how big a challenge
you're facing, you will want
someone you trust by your side.**

Someone who shares your moxie.

**Someone who can turn all
obstacles into a success story.**
